

# TEACH PEACE.COM

## FACTS:

- Education is a key to a more peaceful world.
- Today's young people are tomorrow's leaders.
- Peace education is frequently absent in schools. As a result students graduate without sufficient background to perform their role in a democracy.
- The corporate media and many schools often have direct ties to companies that make weapons and promote militarism.
- Teaching peace is a proactive way to prevent and end wars.

## WHY AN ANNUAL EVENING OF PEACE?

- Recognize special contributions by local heroes!
- Promote goodwill and collaboration among many peacemakers and organizations.
- Provide young people with an opportunity to develop new skills, apply their creativity for peace, and become peace leaders.
- Raise funds to help teach peace.\*
